

Government Degree College, Pattan

WEBINAR

("National Education Policy 2020")

Highlights of NEP 2020

National Education Policy (NEP) 2020 was presented on 29th July 2020 by Dr. K. Kasturirangan Committee. This was a long awaited policy. For more than three decades, there was a need for such a new policy. After a gap of 34 years, NEP was framed to raise the standard of Education in India and bring it at par with international standards.

Highlights of NEP 2020

The focus of NEP

1. To identify, develop and hone the talent of children in order to enable them to choose their career where they can excel and contribute significantly.
2. To reduce the rate of wastage of time and resources of students at all levels.
3. To provide practical training, skills and education in accordance to their interest and innate talents.
4. To give vocational education from class 6th.
5. To provide a congenial environment for development of creativity.
6. To adopt a multi-disciplinary approach.
7. To adopt a multi-lingual approach with special reference to mother tongue, regional languages apart from English.

Aim:

One of the major aims is to make India a Super-power of knowledge globally.

Issues:

NEP addresses three main issues

1. Issue of dropout at all levels (to be reduced at least upto 50%)
2. Remove the concept of learning by rote memorization and hence make Education more practical than theoretical.
3. To abolish compartmentalization of subjects.

Challenges:

1. To witness the historic and reformative policy on ground level.
2. To see the rise of GDP from 4.41% to 6%.
3. To observe and assess the result of NEP 2020-2035.
4. To test and witness changes and reforms in examination, evaluation and selection of teachers.
